From:

The Secretary to Government Haryana,
Medical Education & Research Department
Chandigarh.

To

The Chairman
Maharishi Markandeshwar Trust,
Ambala Cilty
Haryana-134003
No. 21/17/1997-2HB-IV, Dated 09.08.2022

Subject: **Issuance of Essentiality Certificate for establishment of Medical College by Maharishi Markandeshwar Trust.**

Kindly refer to the subject cited above.

2. In continuation to the Essentiality Certificate is as under:-

1.	No. of Institution already existing in the State	12
2.	No of Seats available or No. of Doctors being produced annually	Total No. of seats available is 1735 as on date and approximately 1250 doctors are being produced annually as on date.
3.	No. of Doctors registered with the Haryana State Medical Council.	Approximately 21000
4.	No. of Doctors in Government Service.	Approximately 3789(sanctioned post)
5.	No. of Government Posts vacant and those in rural/difficult areas.	Approximately 1470
6.	No. of doctors registered with employeement exchange	N/A
7.	Doctors and population ratio in the State	Approximately 1:1656
8.	How the establishment of the College would resolve problem of deficiencies of qualified medical personals in the State and improve the availability of such medical manpower in the State	The Establishment of this college would definitely help in reaching out the far flung areas in the interiors of the State. Further, it will help in making available world class health care, medical education and research facility for larger population and as per the track record of the applicant having super specialty hospital, Research Centre and a tele-medicine centre would be reaching out for far flung areas of the state. The State has an approximate population of 2.54 crore and Additional 150 seats in Maharishi Markandeshwar Trust will increase the number of qualified doctors and thereby doctor patient ratio will improve.
9.	The restriction imposed by the State Government if any on students who are not domiciled in the State from obtaining admissions in the State, be specified	The admission in the said medical college would be as per the guidelines of the State Government/NMCI/Central government (MoHFW). At present in Government Medical Colleges for admission to MBBS course 85% seats are filled up from State Domicile candidates and 15% seats from all India Candidates. In case of Private Medical Colleges admissions to open category/management quota/NRI quota are done as per State Government Policy/Guidelines of NMCI/MoHFW from time to time.

10.	Full justification for opening of the proposed College	The doctor-population ratio is low against desired norm of WHO 1:1000 keeping in view the number of existing Medical Colleges in the Government and Private Sector the state still required more numbers of doctors in the coming years. The area is lacking in medical services and therefore, availability of doctors will provide better quality Health Care Services in the State. Further, the establishment if the Institute shall also provide high specialized services to the people of the area, thus, Medical College in the area would definitely help in improving the health services.
11.	Doctors-population ratio proposed to be achieved	1: 1000

On the basis of documents submitted by the applicants, it is certified that:-

Mr. Tarsem Garg, President, Maharishi Markandeshwar Trust, Ambala has applied for establishment of a medical college at Vill-Sadopur, Distt.-Ambala, Haryana. On careful consideration of proposal, the Government of Haryana has decided to issue an essentiality certificate to the applicant for the establishment of Medical College with 150 (no.) seats.

It is certified that:-

(a) The applicant owns and manages a 330 bedded hospital for 2 years which was established in 2020

(b) Essentiality Certificate is valid for three academic years (2023-24, 2024-25 & 2025-26)

(c) It is desirable to establish a medical college in the public interest.

(d) Establishment of a medical college at Vill. Sadopur, Distt-Ambala, Haryana by Maharishi Markandeshwar Trust is feasible.

(e) Adequate clinical material as per the National Medical Commission norms is available. It is further certified that in case the applicant fails to create infrastructure for the medical college as per NMC norms and fresh admissions are stopped by the National Medical Commission, the State Government shall take over the responsibility of the students already admitted in the College with the permission of the National Medical Commission.

(f) Mr. Tarsem Garg, President, Maharishi Markandeshwar Trust, own and possesses 21.81 Acres of land in Village- Sadopur, Tehsil & Distt- Ambala, Haryana on which non-agricultural use of land is permitted and a Medical College/Hospital can be established on it.

(g) The building plan of the Hospital and Medical College has been approved by the competent authority, namely Directorate of Urban Local Bodies, Haryana designated by the State Government for such purposes only. (Copy of the approval is enclosed)

(h) The Hospital and Medical College have been granted Completion Certificate/Building use Certificate by the competent authority, namely Directorate of Urban Local Bodies, Haryana, designated by the State Government for such purposed on 13.08.2021.(Copy of the approval is enclosed)

Note:- The essential certificate is being issued subject to the undertaking given by the President Maharishi Markandeshwar Trust , Ambala .
